Nitrosamine Statement	January 1 st , 2024– Dec 31 st , 2024
Dates Covered:	
Authorized Company Representative:	Brad Blankenship, Technical Manager, Sigma Stretch Film

This letter is to certify that Nitrosamine compounds are not used in the production of raw materials used to manufacture Sigma films nor are they introduced during Sigma’s manufacturing process. Furthermore, because the necessary conditions for their formation are not present in Sigma’s Stretch Film, their formation is not possible as a result of chemical degradation.

Brad Blankenship
Technical Manager
Sigma Stretch Film
